

Select a Taylor
Metal Products
"Cool Roof" and
put an extra \$1500
in your wallet*.

If you are considering purchasing a metal roof, here is one more fantastic reason to get your project underway with a Taylor Metal Products "Cool Roof."

Taylor Metal Products offers:

- **Up to \$1500 tax credit** – get a credit of up to \$1500 subtracted directly from your "total tax liability"*
- **ENERGY STAR® Cool Colors** – using a proprietary infrared reflective pigment technology, we are able to offer a wide range of colors that meet ENERGY STAR requirements for "Cool Roofing Products"
- **Kynar 500® /Hylar 5000® Paint System** – we only use the paint system that is acknowledged as the highest quality paint system for coating exterior metal
- **30 Year Manufacturer's Warranty** – provides peace of mind against chalking, fading, chipping, cracking, and peeling.
- **High-recycled content steel** – average 60% post-consumer and 15% post industrial.

For a limited time (from January 1, 2009 through December 31, 2009), as part of the 2009 extension of the Energy Policy Act of 2005, individuals can claim a tax credit of up to \$1500 or 30% of the cost of the purchase of qualified metal roofing.*

Taylor Metal Products offers roofing materials that qualify for the tax credit allowed under §25C of the Internal Revenue Code. Upon completion of your job, Taylor Metal Products will provide eligible homeowners with a manufacturer's certification of our product's eligibility along with any additional information needed to claim the tax credit.**

For additional information please contact the Taylor Metal Product's sales team at 800-574-1388.

* To qualify, certified material must be installed in/on the taxpayer's principle non-business residence, located in the United States, by December 31, 2009.

** Tax information is provided for general information purposes only, please contact your tax professional for guidance on individual tax benefits.
